ALL PROGRAMS · NO TRAINING · NO EXCEPTIONS

The adaptation happens here. The session is the stimulus — rest is where you actually improve. Sleep, eat, hydrate. Nothing else.

REFLECT ON YOUR WEEK

- 01 Which sessions felt strongest? Which exposed a weakness?
- 02 Did the RPE targets feel accurate to your effort?
- 03 Biggest limiter: running, strength, conditioning, or recovery?
- 04 Any equipment gaps that blocked a session this week?
